

Shuvo Kumar Basak

Computer Science and Engineering Student

I want to be a well-known data analyst. I believe in being honest and working hard. I see a world where data helps us make decisions and makes our lives better. My goal is to use data to help people and improve our society. I'm excited to start this journey.

Education

2024 – Ongoing

Jahangirnagar University (JU)

Master of Science (M.Sc.) in Computer Science

2019 – 2023

Bangladesh Army University of Engineering & Technology (BAUET)

Bachelor of Science in Computer Science and Engineering

CGPA 3.48 out of 4.00

Personal Project

- Kriisan AI Base Farming Website using PHP, HTML, Python, Django.
- Skin diseases detection using Gradio and Google Colab.
- Data correction & helping ML, PC software using Python.
- TrainifyPro - Image Classification Training Companion.
- ImageCategorizer: Intelligent Image Classification Software .
- A Web Application for Real-time Image Capture and Prediction using Flask web framework.

Work Experience/Internship

- I did 4 weeks of industrial training at the Bangladesh Computer Council under SQTC.
- I did 1 week of industrial visiting at the Submarine Cable Landing Station and Bangladesh Meteorological Department, Cox's Bazar.
- I did National Skill Standard Basic 6 month course in Computer Office Application.

Achievement

- Master Data Science in Python, Great Learning.
- Certificate of The Fundamentals of Digital Marketing , Google.
- Certificate of Agile Scrum Master(ASM®).
- CISSP® - Certified Information Systems Security Professional.
- Google Cloud Platform Business Professional Accreditation.
- Programing Contest of Mind Storm 3.0 and 4.0 (BAUET),Champion.
- Unveiling the Enigma: Advancing Rose Leaf Disease Detection with Transformed Images and Convolutional Neural Networks.
